EMPLOYMENT HISTORY

Senior Full Stack JS Engineer

Maltem Consulting Group (Nov 2018 - présent)

I have been employed as a Software Engineer with Maltem Consulting Group since November 2018. Over the years, my role has evolved from a Confirmed Developer to a Senior Developer, a transition marked by extensive experience and successful collaborations with clients in Morocco and France

Clients:

- Lead Full stack Developer - OCS Group - Ansamble Morocco
- Lead React Native Developer - SGMB
- Full stack Developer - Bocasay
- ReactJS Developer - CDM
- Full Stack Developer - Saham
- Senior React Native Developer - OCP Internal control
- Full Stack Developer - OCP Teal
- Full Stack Developer - CNRD & PCA
- React Native Developer - Saham

Some roles:

- I Create, build, and sustain strong mobile apps utilizing React Native for both iOS and Android platforms, and ReactJs for Web platforms.
- I do undertake technology evaluation, product selection, build proof-of-concept implementations and provide actionable technology recommendations.
- I Developed work-flow charts and diagrams to ensure production team compliance with client deadlines.
- I Collaborate with product teams and other developers to understand and refine requirements.
- I do review code to ensure adherence to best practices, team standards, and customer requirements
- Trained junior members of Developer team regarding structure, architecture and troubleshooting of data circuits.
- Direct software programming and development of documentation.
- Stack : JS, TS, ReactJs, NextJs, Gatsby, React Native, NodeJs, SpringBoot, GraphQL, SQL&NoSql

Full Stack Developer

Group AirInvest (Aug 2016 - Nov 2018)

- Design, build, or maintain web sites, using authoring or scripting languages, content creation tools, management tools, and digital media.
- Developing Web & Mobile App for B to C and B to B
- Analyze user needs to determine technical requirements.
- Collaborate with management or users to develop e-commerce strategies and to integrate these strategies with web sites.
- Select programming languages, design tools, or applications.
- Correct errors by making appropriate changes and rechecking the program to ensure that the desired results are produced.
- Stack used: JS, PHP, Java, ReactJs, ReactNative, CakePHP, Android Java, NodeJs, SQL

EDUCATION

IUT des Pays de l'Adour

Pyrénées-Atlantiques, France ,Jun 2019

Master of Science, Master of Technologies and Internet

SupTech University

Casablanca, Morocco ,Jun 2019

High School Diploma, Software Engineer

University of the Littoral Opal Coast

Dunkerque, France ,Jun 2017

Bachelor of Science, Bachelor of Development Mobile & Internet

ISGI

CasaBlanca, Morocco ,Jun 2016

High School Diploma, Software development technician

AWARDS & PARTICIPATIONS

React Native Developer - START Global

March. 2021 - Virtual

participate by TLMAM Social Service, www.tlmam.com

React Native Developer - Wikimedia Foundation

May 2019 - Czech Republic, Prague

participate by NFTSMAKER, www.nftsmaker.io

Software Engineer - Firebase Summit

October 2018 - Czech Republic, Prague

React native Developer - Hajj Hackathon

August. 2018 - Saudi Arabia, Jeddah

Young team project, released Huna app, is an intelligent tracking system that makes hajj pilgrims experience easier.
